PILOTS:

White Savior

After a black protestor confronts a young white tech CEO about systemic racism in his company, he rashly decides he's going to hire her to help him end inequality by "disrupting racism."

Kink

When Matt, a freshly-dumped elementary school teacher, meets Brooke, a no-nonsense dominatrix, he's thrown headfirst into a world of kink he never knew existed as she struggles with feelings she'd rather suppress.

Zero Division

An Area 51-adjacent research team investigates unexplained phenomena and attempts to find meaning in an ambivalent universe, all while alien forces conspire to destroy the Earth.

Official Selection: NYTVF 2016, Quarter Finalist: Script Pipeline 2016

America's Least Wanted

When a small-time burglar has a big-time crime boss out to get him, he realizes he's only got one option left – assemble a ragtag team of inept criminals and pursue a career in disorganized crime.

Finalist: Script Pipeline 2016

Calamity Meadows

The oddball employees of an outdoor education and recreation facility do their best to put out fires arising from unpredictable guests, inter-staff conflicts, and the occasional flaming tomahawk.

Semifinalist: Script Pipeline 2016

The Good Life

When a group of unsatisfied Millennials in Omaha, Nebraska decide to buy, live in, and flip a house together, their ennui is replaced by roommate conflict, the difficulties of homeownership, and the slight but unshakable fear of low-country copper bandits.

Clock Blocked

Three time-traveling college students from the 26th century get stuck in present day Los Angeles and enlist the help of their new roommate, Randy, to help them fit in.

FEATURES :

Whip It Good

A vanilla guy and a professional dominatrix reluctantly fall in love in this rom-com about exploring your sexuality, taking risks, and learning to love people as they are.

Unscripted

An off-beat contestant on a reality show works his way through a series of ridiculous TV challenges while butting heads and falling in love with the story producer who's desperately trying to hold the show together.

KIDS SHOWS :

J.R. Bakir: Earth Kid in Space

It's hard being the new kid at school, especially when your school is in space, you're the only human, and your vice principal is a super-strict cockroach monster. Luckily, J.R. and his fellow outsiders Blurgle and Vic always manage to find time for both school and adventure at their deep-space science academy.

Runner-Up: Nickelodeon Script First 2015

Addie and the Aliens

Addie, a bright and energetic six-year-old, teaches two curious and goofy aliens about Earth by sharing her books with their spaceship's computer, allowing them to explore the stories in the make-believe universe of Bookworld.

Log Man 3050

The absurdist superhero Log Man and his young apprentice Cassie bumble their way through crime-fighting in Town City.

Spec Scripts :

Art and Magic (Brooklyn Nine-Nine Spec)

Jake tries to nab a pickpocketing street magician while Amy and Boyle pursue an art forger. Meanwhile, the rest of the Nine-Nine deals with protestors from the local art community.

Quarter Finalist: Final Draft Big Break 2015

Temple Raiders Crusade (Archer Spec)

Archer goes full Indiana Jones on a Himalayan treasure hunt while the office is turned into a make-shift daycare for orphans.

Finalist: Script Pipeline 2015

Plays:

For Your Misinformation

Two American comedy writers, kidnapped by the Russian government and forced to write fake news, plot their escape while coming to terms with their powerlessness.
